
Parking fibers over the five flats

The fiber over X is the coset set W/P_X.

Flat X	|P_X|	|W/P_X|
V	1	6
L1, L2, L3	2	3 each
{0}	6	1

6 + 3 + 3 + 3 + 1 = 16 parking points

The drawing shows flats; the counts refer to cosets.
